Case No. CJ-2016-59
Judge Timothy Olsen

PLAN OF ALLOCATION AND DISTRIBUTION ORDER

This Plan of Allocation and Distribution Order sets forth the manner in which the Net Settlement Amount will be administered and distributed to Final Class Members. The Net Settlement Amount for Distribution will be allocated to each Final Class Member based on the factors and considerations set forth herein.

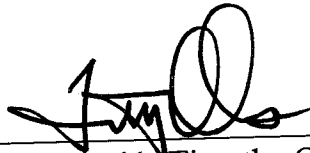

I. Plan of Allocation

The Net Settlement Amount for Distribution will be allocated among Final Class Members based primarily upon the payments occurring longer than 60 days after the date of sale of the oil and gas production and interest rates under the Oklahoma Production Revenue Standards Act. Pursuant to the Settlement Agreement, the Plan of Allocation, which was attached as Exhibit 3 to the Class Representative's Motion for Final Approval of Class Action Settlement, reduces the amount available for distribution for Class Counsel's Fees and Expenses, the Case Contribution Award, and Administration, Notice, and Distribution Costs, which amounts were determined by the Court at the Final Hearing.

II. Time for Allocation and Distribution

The allocation and distribution of the Net Settlement Amount for distribution shall be under the direct supervision of the Court and shall be consistent with the Final Plan of Allocation submitted by Class Counsel following the Effective Date of the Settlement Agreement, as further detailed therein. Furthermore, the timing, manner and process for any distributions shall be consistent with the timing and process provided for in the Settlement Agreement, which the Court adopts by reference herein.

IT IS SO ORDERED this 12th day of July, 2019.
